Child's name

Date:

Dear Parents/Guardians,

At Moorlands Primary School, we sometimes take photographs/media of pupils for a number of purposes: celebratory purposes on displays around school or on the school's website; within lessons activities to further learning (such as photo editing); within curriculum linked workbooks for recognising achievement of practical activities (this is mostly seen in EYFS and KS1); and for the school's prospectus. In addition, we use photos as identification for registration and safeguarding purposes.

We would like your consent to take photos of your child and use them in the ways described above. If you're not happy for us to do this, we will accommodate your preferences unless it is for safeguarding purposes.

Please tick the relevant box(es) below and return this form to school:

I give permission for the school to take photographs/media of my child,

I give permission for unnamed photos/media of my child to be used on the school website for celebratory purposes,

I give permission for photos of my child to be used in the school prospectus,

I give permission for photos/media of my child to be used internally in school displays,

I give permission for photos/media of my child to be used as a tool for pupil learning,

I give permission for photos/media to be used to show progression in learning (this could be in the pupils' own learning books/journeys, or that of others' when group work is involved).

I give permission for photos/media to be used for recordings that will be viewed by others off the school premises such as the School Performance DVD recordings and end of primary school celebration books,

I give permission for my child to take part in school events where other parents are able to take photos. All parents have received a Social Media Agreement and are reminded of these expectations by school staff before the event starts. The school will promote parental responsibility to respect the privacy of others by requesting all media/photos are kept for personal use only and not placed on social media sites.

You are entitled to withdraw consent at any time and must inform the school by writing that you wish to change your consent options.
