

A World of Tolerance **by Moorlands Primary School**

We should all show tolerance, it's what we believe
If we work together we can achieve
Religions of the world, they all teach peace
So why do we see fear and hatred on our streets?
Some people like to spread cruel words and hate
We we should stick together, accept and tolerate
It's good to have diversity and different beliefs
Come on everybody lets all have peace!

No matter your religion
No matter your decision
We're one big world of TOLERANCE!

Everyone should learn to tolerate
And shouldnt treat people's religion with hate
Even if we believe in a different faith
We are all part of the human race
There's no need to be unkind
Show empathy and trust and have an open mind
Our cultures and beliefs show in our community
Education and and respect is what we need for equality

No matter your religion
No matter your decision
We're one big world of TOLERANCE!

Sticks and stones may break our bones but words not bring us down
Lets turn this world around!

1, 2, 3 believe in peace. Open your mind
And show responsibility for human-kind
Every human heart beats
Let's live side by side on our streets
Your beliefs are your choice,
You have a right to an equal voice

**No matter what religion
No matter what decision
We're one big world of TOLERANCE!**

**No matter your religion
No matter your decision
We're one big world of TOLERANCE!**

By Year 4 - Moorland Primary School

Democracy - by Year 6 Moorlands Primary

Democracy is the foundation of the law
Votes and policies are essential to its core
Express your voice or write a note
Or elect someone with your vote
Other people's rights we should respect
This democracy we should protect
You can participate in an election
To ensure you have the right protection
Now the prime minister is Boris Johnson
Some people think he talks a lot of nonsense
We had a visit from Donald Trump
He builds a wall and Humpty had a bump
Leaving the EU, debate for Brexit
Should we stay or should we exit?
Cast your vote and raise your voice
Believe in democracy, you have a choice
In every country there is a law
But sometimes this can become war
It's all about democracy,
It's all about you and me!
