 Learn a song or a poem by heart – EASTER SONGS ON OUR WEBSITE <https://moorlands-ps.primarysite.media/>

Learning songs and poems by heart, supports developing fluency in our reading. Pick a song or poem that you can learn by heart and perform it to someone at home by the end of the day. You could even send a recording to someone to brighten their day. See attached section of suggested poems for KS1 and KS2 and school website video resource centre (under Children's section) for songs.

Hello there, Parents and Carers!

As schools worldwide close for now in response to COVID-19, you might be wondering how best to help your child or children with their studies at home.

Always happy to help, the White Rose Maths Team has prepared a series of five maths lessons for a group from Year 1-5. We will be adding five more each week for the next few weeks. Every lesson contains a short video showing you clearly and simply how to help your child to complete the activity successfully

Sing songs to learn maths through the Number Fun portal - there is 30 days free for parents at the moment. This is something we use in school so the children might know some of the songs.
