

## Key Stage 1

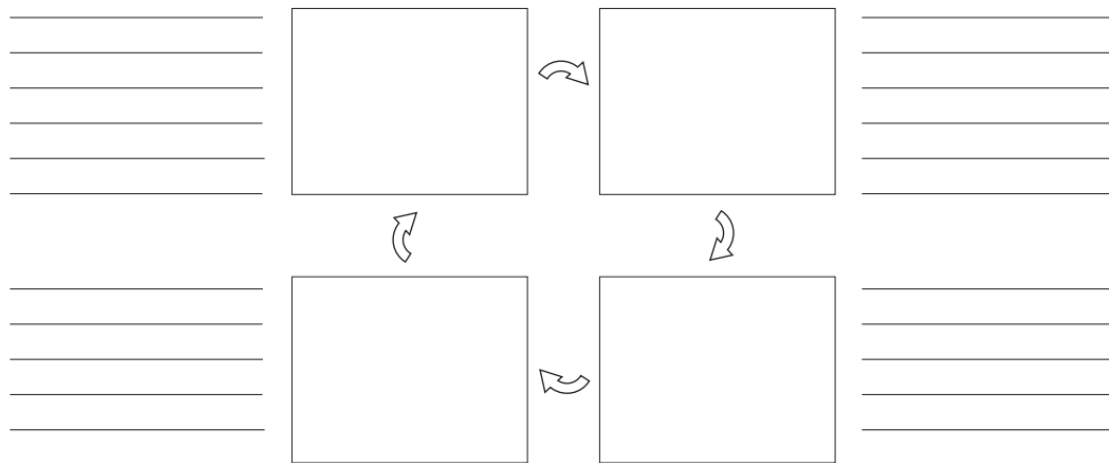

Use the information sheets to help you to draw a diagram to show the stages in the lifecycle of a butterfly.

### Life Cycle of a Butterfly

To extend, add sentences to explain what is happening at each stage. Use the key words from the word bank to help you.

### Life Cycle of a Butterfly

Word Bank  
lays    eggs    leaf    hatches    caterpillar    butterfly    chrysalis    changes

If you would prefer, research the stages in the lifecycle of a frog and draw a diagram to show how the frog changes from frog spawn to frog. Add sentences to explain what happens at each stage.
